Makersmiths Class Request Summary - online form

- Consolidate class requests - Move from individual Slack channels to single online Google Form (*Supports data driven planning & reporting*)
- Promote a single online form for class requests and promote across Makersmiths to include the New Member Onboarding
- Use data to help drive class frequency, future planning & instructor development
- Provide mid-month results to stewards and instructors to support class planning for the following month class schedule
- Share results to members via newsletter
- Constructive comments back to the scheduling committee will help make improvements to this approach
