

# Scheduling - Chair: Jennifer Chu

Our charter is to create policies and procedures for scheduling classes and events and advertising these to members and the general public. This would include determining the content information the classes and events must contain. The committee will consider the various platforms Makersmiths currently uses and will best determine how to uniformly populate required content information between the various platforms.

Committee members:

- Jennifer Chu (Chair)
- Diane Painter
- Dean Williamson
- Tim Cotter

Our charter is to create policies and procedures for scheduling classes and events and advertising these to members and the general public. This would include determining the content information the classes and events must contain. The committee will consider the various platforms Makersmiths currently uses and will best determine how to uniformly populate required content information between the various platforms.
