Tool Authorization Groups

Below is a list of the tool groups for which we are tracking authorizations. The tool steward(s) are listed next to each tool group, along with the method by which to get authorized to use the tools independently. Please contact the steward for more information about each tool. This list is not exhaustive of the tools available at Makersmiths and will be updated as needed.

Sharing Your Computer screen with the TVs at Leesburg

All of the TVs at Leesburg have Google Chromecasts attached to them. You can share your screen from any machine on the network, including cell phones on our wifi. To use this feature:

- Open Google Chrome

Click on the three dots on the right side of the menu bar and select Cast

- Using the "Sources" drop down select either Cast Tab or Cast Screen. Cast Tab will send the selected browser tab, Cast Screen will send the entire screen.
- Select the TV you want to cast to
